 - What they enjoy doing outside of OpenMRS
- Tips
 - Mentor's tips and suggestions for the students to succeed
- Contact Info
 - OpenMRS Talk username
 - Telegram username
 - Include note only to contact through the group Telegram chat, no PM's

Explanation

The main idea of this page for the website would be a place where students could learn about their mentors and what they do. Each mentor would have their own tab that would drop down with information when clicked on. When clicked, the information described in the bulleted list would be displayed. A sidebar to the left would be the Navigation Bar, where different links to other parts of the website. This would include links to the mentor page, task reviews, GCI website itself, and OpenMRS website. As different pages are made those will also be added to the Navigation Bar. (This navigation bar can also be on the top). On the bottom would be the Footer, where all the links to the Telegram Chat, OpenMRS Talk, and copyright info would be, along with contact info.

User Flow

GCI Student

- This page is meant for GCI students. A regular GCI student would go onto this page after clicking the “Mentor Page” link in the navigation bar in the home page. From there, the student will read all about their mentors. They can learn valuable information about what the mentors accomplished and possibly gain some of their own ideas of what they would like to contribute to OpenMRS. If they have a question or comment for one of them, they can address it by contacting them on either OpenMRS Talk or the Telegram group chat for OpenMRS GCI using their username. They can do so by clicking on the links provided in the footer.

Quick Mock up (see above bulleted list & explanation for full details)

<p>Navigation Bar</p> <p>(This is where the links would go to different parts of the website and outside sites like GCI)</p>	<p>OpenMRS Logo + GCI Logo</p> <div data-bbox="431 415 1419 1012"><p>Mentor 1 -<</p><p>Name</p><p>Profile Picture</p><p>Bio</p><p>GCI + OpenMRS experience</p><p>Personal interests</p><p>Tips for students</p><p>Contact info</p></div> <div data-bbox="431 1052 1419 1119"><p>Mentor 2 -></p></div> <div data-bbox="431 1159 1419 1226"><p>Mentor 3 -></p></div> <div data-bbox="431 1266 1419 1333"><p>Footer</p></div>
